# National test dates are set

PRINCETON, N. J. — Students completing teacher preparation programs may take the National Teacher Examinations on any of the three different test dates announced today by Educational Testing Service, a nonprofit, educational organization which prepares and administers this testing program.

New dates for the testing of prospective teachers are: November 8, 1975, February 21, 1976, and July 17, 1976. The tests will be given at nearly 400 locations throughout the United States, ETS said.

## Student staffing — a new concept

Have you ever noticed the two buildings on the southeast side of the campus? One is Carondelet, and no, it's not a convent; the other is Ridgway, without an E! Have you ever wondered what goes on behind those security doors? This year Avila is initiating an innovative, challenging concept in residence hall living—the concept of student staffing. The resident halls will be under the leadership of nine students in nine staffing positions. Those positions include two Residence Hall Directors, their staff of six Resident Assistants, and the Coordinator of Residence Hall Programs.

The Directors will have responsibility for the physical plant, the maintenance staff, the selection and training of R.A.'s, discipline, and the over-all coordination of the Residence Hall Program in their respective hall.

Within each residence hall there are three resident assistants, each assigned to a specific floor and responsible for the implementation of the Residence Hall Program on their floor. The R.A. is a paraprofessional trained in assessing student needs, helping to integrate the academic and co-curricular experience of the residents, and assisting in the overall growth of the members of his/her floor.

The Coordinator of Residence Hall Programs is a totally new position. The coordinator is responsible for the organization, coordination, supervision, implementation and evaluation of the Residence Hall Program in both residence halls. The coordinator does not construct programs for the

student nor does she design activities which make something happen to students, but rather she works with students encouraging them to try new things, inviting them to grow and develop, and challenging them to become all they are capable of becoming.

Appointed as Residence Hall Directors for the 1975-1976 school year are Dave Kerr in Carondelet and Debbie White in Ridgway. Dave is a senior business major from Ness City, Kansas and has been at Avila for one year, transferring from Ft. Hayes State. Debbie is a special education major from Ralston, Nebraska. She is also a senior, having spent all her college years at Avila. Dave's staff is composed of Greg Poelker, a sophomore business major; Marcia Lawler, a senior business major; and Judy Heitz, a junior nursing major. Ridgway R.A.'s are: Jan Geissler, a sophomore nursing major; Joan Michaels, a senior psychology and nursing major; and Maureen Henemann, a junior special education major. Barb Duff, the Coordinator of Residence Hall Programs, is a senior history major from Littleton, Colorado.

## Awareness session Friday

The Psychology Club will offer students this month a new and exciting way of enhancing their closeness to others. On Friday evening, 7:30 P.M., September 12, Byron Eicher will conduct a group awareness session in the Barefoot Room, Marian Center. Byron Eicher, who is a well renowned Gestalt psychologist, has led many such sessions with startling results. Group awareness sessions are characterized as a leaderless, structureless, "be in" intended to cultivate close emotional ties between people while Byron Eicher is known to be a man who can cut through our everyday falseness and provide us with a most unusual experience. Participants will learn new, exhilarating ways of communicating with those around them. All students, faculty, staff, friends, lovers, and spouses are encouraged to come and grow.

# National speakers to Avila

By Jan Fields

Coming to Avila this fall are three speakers of national prominence who will be lecturing in a three-part symposium on Individual Rights or Social Chaos. This symposium is an unusual opportunity for Avila College to sponsor a series of conferences to the greater Kansas City area. There are three different sessions planned for the symposium during the fall. The first session is to present Justice Arthur Goldberg, speaking on the topic of, "Can We Afford Liberty?" He will be speaking September 24, 1975 at 7:30 P.M. in Goppert Theater on the campus. Following Justice Goldberg's speech, there will be a panel made up of local professionals in various fields to address questions to him; as well, there will be an opportunity for the audience to do the same. Then on September 25, 1975, the succeeding evening, there will be a panel who will react to Justice Goldberg's speech, and also, carry a re-discussion of some specific questions as they pertain to Kansas Citizens and their individual rights in government, locally and nationally.

The other two sessions of the symposium will be held later in the fall. The plans are not yet complete for those events, but will soon be complete.

The major question being raised during the symposium is whether our system of government exists to serve its citizens or whether it has failed in this objective and merely exists as an entity in itself. The proposed three-session symposium is to be held this fall in an attempt to gain an understanding of the broad question by focusing on some specific concerns regarding our individual rights as they currently present themselves to the Kansas City area.

The symposium is napping as a result of a grant proposal

## Why choose summer school?

Summer School students (there were 731 enrolled in 1975) are at Avila for a variety of reasons.

Donna Phinney, 2514 Tomahawk Road, Shawnee Mission, Kansas, said "My three daughters are grown, and my life needed a new direction. Why Avila? My neighbor was getting an extra degree here, so I came out and talked to the admissions people. They told me how to proceed. I'm taking six hours this summer, to see if I can handle a full schedule in the fall. It's difficult to become a student - I have to reorganize my time, read to be tested, not for pleasure. I feel accepted by younger students, and especially appreciate the absolute willingness of the instructors to help."

Jeff Gilmore, 21, of 12438 Blue Ridge Road, Grandview, a resident student sophomore, is at Avila on a basketball scholarship. He works in the mailroom all year, and is taking summer school because "I want to get through sooner. I'm going to be back here next summer, too."

Jeff plans to major in social work. He likes Avila. "Everybody's friendly, coaches, teachers are nice." Is it hard? "Oh, yeah."

Brenda O'Shea, 26, second-semester sophomore, of 9951 Walnut Drive, Kansas City, Missouri, a divorcee with a two year old son, works full time and goes to school full time. She came to Avila to finish her degree as a medical technician. Why Avila? "For the quality of the education, the med. tech. program offered, and the small school. I like the mixture of age groups, and the atmosphere."

Dochia Trotter, senior, 3941 Bales, Kansas City, Missouri, says, "I'm here because it's easier to go to school in the summer. I have four small children; I teach Head Start classes all day during the school year and go to school at night; I'm pianist and director of my church choir. It's hard, but I'm determined

# Kent State 1975

The Association of College and University Housing Officials, (ACUHO), held their annual convention at Kent State University during the week of July 18-24, 1975. Four persons representing Avila as housing officials had the opportunity of attending the conference. Those attending were Debbie White and Dave Kerr, Residence Hall Directors; Barb Duff, the Coordinator of Residence Hall Programs; and Lynn Cupkie, who is the Dean of Students. The theme of the 1975 convention was "Prices, Programs, and Predictions."

ACUHO is a national organization which seeks to promote the professional growth of its members through monthly newsletters, regional conventions, and national conventions. Although Avila has been a member of ACUHO since December, 1973, this is the first year that representatives have attended the national convention.

Debbie, Dave, Barb, and Lynn attended a series of workshops held on a wide variety of topics: Value Development to Staff Selection and Training to the "White Male Club" and Gay Student Concerns in Residence Halls.

The primary emphasis of the entire convention was on the resident student as a developing person. Many of the workshops were geared toward the integration of the college academic program and the co-curricular residence hall program.

Dave, Debbie, Barb and Lynn expressed the hope that by combining this information with the college philosophy and the dreams and visions of the housing staff that Avila will have a unique residence hall program—one that not only meets the needs of the students but also invites them to grow and challenges each individual to become all he/she can become.

### *Policy on access to student education records*

In accordance with Public Law 93-380, the Family Educational Rights and Privacy Act of 1974, Avila College is required to inform currently enrolled students of their rights to access of certain education records.

Education records maintained by Avila College and available to students are financial aid records, (excluded are Parents Confidential Statements and Financial Statements), students cumulative advisement file, student health records, disciplinary records, and the cumulative scholastic record. To request access, contact the following offices:

Student Financial Aid — Mr. Wilford Chatham, Director of Admissions and Financial Aids — Blasco Hall.

Student Accumulative Advisement File — Student's Academic Adviser.

Student Health Records — Mrs. Judy Gemeinhardt, Director of Health Services — Carondelet Hall, Room 713.

Student Disciplinary Records — Mr. L. F. Cupkie, Dean of Students — Blasco Hall.

Cumulative Scholastic Record — Sister Anna Schlett, Registrar — Blasco Hall.

Any student may review upon written request, his or her records, and if erroneous information is included therein, may request the expurging of such information. Written request must be made to the officials named above for access to records desired.

An Avila student wishing to challenge the content of any record may request an opportunity for a hearing to insure

that the records are not inaccurate. Avila College officials charged with custody of education records will attempt to settle informally any disputes by meetings and discussions with the student.

If a formal hearing is necessary, the student or the Avila College official charged with the custody of the education records may request such a hearing by submitting a request in writing to the President, who will appoint a hearing officer or a hearing committee. The hearing shall be conducted and decision rendered by an appointed official or officials who shall not have a direct interest in the outcome. Either party may appeal the decision of the hearing to the President.

Students desiring reproduction of records will be charged \$1.00 for each page of record reproduced.

In addition Avila College designates as "Directory Information - Public Information" the following categories of information: student name; address; telephone number; date and place of birth; major field of study; participation in officially recognized activities and sports; weight and height of members of athletic teams, dates of attendance, degrees and awards received and the most previous educational agency or institution attended by the student. A student wishing to restrict the release of any or all of the "Directory Information" pertaining to him or her is to advise the Registrar in writing not later than the second week of classes.

which was accepted by the Missouri Committee For The Humanities, Inc. The author and project director of the grant is Dr. Elaine Brand, who is Assistant Professor of Psychology at Avila College. She is responsible for the proposal idea and for the execution of the planned symposium this fall. Dr. Brand is working closely with Jan Kreamer, Director of Grants at Avila, and Dona Newman, Chairperson of the Department of Social Sciences. Jan Fields is the student representative assisting in the execution of the activities. Also, many of the highly qualified instructors in respective departments from Avila will participate in the panel discussions. Sister Martha Smith, Professor of History, and Dr. H. Paul LeMaire, Associate Professor of Religious Studies, will address questions to Justice Goldberg after his speech September 24, 1975. Dona Newman will chair the panel on the evening of September 25, 1975 involving Sister Ruth Stuckel, Cand. Ph.D., Professor of Philosophy, Avila College, Dr. Kermit Phelps, Ph.D., Professor of Psychology, Avila College, Ms. Norma Lewis, Chairperson, Department of Nursing, Avila College, M.S., Dr. Richard Sinclair, M.D., Obstetrics, Gynecology, Kansas City, Warren Peterson, Ph.D., Professor of Sociology, University of Missouri, Kansas City, and Ms. Doretta Henderson, Chairperson of local chapter of the National Welfare Rights Association.

This is an exciting opportunity for Avila and it is hoped that many persons all over Kansas City and especially from Avila will take part in this unusual event. The invitation is for people to come ready to confront and discuss the freedom and rights we have or do not have as individuals in America.

## Test dates

(Continued from page 2)

Results of the National Teacher Examinations are used by many large school districts as one of several factors in the selection of new teachers and by several states for certification or licensing of teachers. Some colleges also require all seniors preparing to teach to take the examinations.

On each full day of testing, prospective teachers may take the Common Examinations which measure their professional preparation and general educational background and an Area Examination which measures their mastery of the subject they expect to teach.

Prospective candidates should contact the school systems in which they seek employment, or their colleges, for specific advice on which examinations to take and on which dates they should be taken.

The Bulletin of Information for Candidates contains a list of test centers, and general information about the examinations, as well as a Registration Form. Copies may be obtained from college placement officers, school personnel departments, or directly from National Teacher Examinations, Box 911, Educational Testing Service, Princeton, New Jersey 08540. Ms. Jenny Lambert has applications in her office, Education Dept.

A session for Avila seniors preparing to teach will be held on the Avila campus on Saturday, January 24, 1976. Testing hours will be 8:00 a.m. through 4:00 p.m. This is a Graduation requirement for all seniors preparing to teach.

## Why choose?

(Continued from page 5)

to get my degree in elementary education. Why Avila? It cooperates well with area schools to transfer credit (from Penn Valley in my case) and it's a good school to get my degree from."

# Orientation 1975

The new incoming students as well as the continuing students have a full five days of activities planned during the first week of the Fall semester. The orientation program is geared toward freshman and transfer students who are coming to Avila for the first time. The purpose of orientation is to introduce the new student to Avila and Avila to the new student. Students will have an opportunity to investigate clubs, activities, organizations, people and a variety of other programs that are offered as a part of the learning and growing process at Avila College. Following is a brief description of the activities that are planned.
